Smart Point-of-Care
Mounting and Mobility Solutions
for Your Entire Facility

Implement cost effective solutions while maintaining the highest standards of quality patient point-of-care. Ergotron is committed to manufacturing mount and mobility products packed with the features you need—helping you make the most of your emergency room software and systems investments.

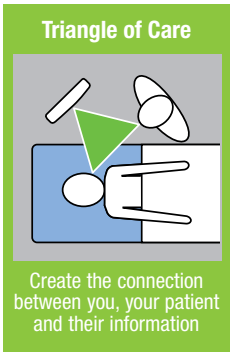

StyleView: Everywhere Point-of-Care

**Our latest StyleView® solutions:
industry-leading carts and now
point-of-care wall mounts**

Healthy computing starts here!

Ergotron is uniquely qualified to bring the emergency room, eMAR, PACS and CPOE to the point of care. In addition to providing the necessary access your caregivers need, our products facilitate:

- + **COLLABORATION** with dedicated healthcare leadership and caregiving professionals worldwide
- + **CHOICE** from a broad solutions-based portfolio offering ease of motion, true ergonomic designs, and space-saving technologies
- + **CONFIGURATION** options to design workstations that fit your workflow throughout the entire facility

NEW! StyleView Vertical Lift

Compact ergonomics, extremely low profile

- ① Ergonomic negative-tilt slide-out keyboard tray (with left/right mouse tray) ensures neutral wrist position—avoid repetitive-stress injuries.
Coming soon: Vertical Lift Auto-Retracting Keyboard Kit
- ② 23 cm vertical adjustment enhances ergonomics for multiple users
- ③ Integrated cable management system can be configured on either side
- ④ Patient Room: side-to-side pan of keyboard and display promote patient-caregiver interaction
- ⑤ High Traffic Areas: total folded system depth as little as 10,2 cm

NEW! StyleView HD Combo

Wall-mount workstation with single-motion adjustment

- ① Patented CF lift-and-pivot motion technology provides premium 13 cm LCD height adjustment, portrait/landscape rotation, 30° tilt
- ② Extends/retracts LCD and keyboard up to 99 cm. Total folded system depth as little as 30,5 cm
- ③ Optional 46 cm extender arm increases range of motion for even greater reach
- ④ Clean, concealed routing of cables through expansive cable management system

NEW! StyleView VL Enclosure

Compact, secure workstation

- Keyless locking mechanism protects equipment and keeps patient data private
- Side-to-side pan of keyboard and display promote patient-caregiver interaction
- 9" (23 cm) vertical adjustment and 5" (13 cm) slide-out keyboard tray enhance ergonomics for multiple users
- Low profile and narrow wall footprint are perfect for space-constrained areas

Designed for Nurses
 Engineered for IT
 Priced for Procurement
 Certified for Safety

StyleView: Lean. Clean. Smart. Cart.

Increase productivity, patient safety and quality service

- ① Worksurface height adjustment for comfortable sit/stand data entry
- ② 13 cm independent monitor height adjustment. Total height range 63 cm
- ③ Ergonomic negative-tilt slide-out keyboard tray (with left/right mouse tray) ensures neutral wrist position—avoid repetitive-stress injuries
- ④ Electronic autolock drawer, programmable with keypad. Optional second drawer accessory
- ⑤ Ultra-smooth gliding casters (two locking) for easy push/pull mobility

For patient and caregiver safety, cart and power system are certified to UL 60601-1 and NFPA leakage current limits
