	Probe installation accessories	none <i>mounting clips, 2 pcs</i> <i>mounting flange</i>														
Field check adapter	none <i>adapter</i>															0 1
Component board	standard															A
Voltage output	0...1V															1
	0...2 V															2
	0...2.5 V															3
	0...5 V															4
Current output	4...20 mA															A
	0...20 mA															B
Component board connectors	no connectors															0
	pin connectors underside															1
	screw terminals, pin connectors for serial com															2
Probe cable	0.6 m cable with plug connector															A
	0.6 m cable with 90° plug connector															B
	<i>2 m cable with plug connector</i>															C
	<i>6 m cable with plug connector</i>															E
	<i>10 m cable with plug connector</i>															G
Probe cable connection to component board	not connected (to be soldered by user)															0
	cable soldered to component board															1
Manual	No manual															A
	English															B
	German															C
															TOTAL	
															QTY	
															TOTAL VALUE	

Selections in bold are included in the prices of the basic versions.
 Selections in italic are available at an extra price.
