ONE cart fits all!
Chromebooks • Tablets • Laptops

The latest in device charging technology, the Ergotron Zip40 Charging Cart, offers versatility and flexibility with the ultimate cart agility. Because it supports up to 40 devices and is fully safety certified, it’s a smart choice for education, healthcare and enterprise environments. Its small footprint and rugged steel construction handles rigorous use and demanding conditions.

Featuring Ergotron’s PowerShuttle® power management technology, the system efficiently charges up to 30% faster than a standard round-robin system. With just one power cord plugged into a standard wall outlet, it safely prevents overloading of electrical circuits by automatically determining the maximum number of devices that can be charged at one time.

MORE FLEXIBILITY
• Adjustable dividers let you customize capacity:
  - Standard 1.1”-wide (28 mm) slots accommodate up to 40 devices, plus a partial shelf for extra storage
  - Adjust slots to 1.9” (48 mm) to accommodate up to 30 laptops or thicker devices with large cases
  - Mix and match devices; move and remove dividers
• Includes external auxiliary outlet to power peripherals
• Ethernet management capability also available – carts are upgradable
• Location included for installation of a Wireless Access Point (WAP not included)

MORE SECURITY
• Rugged steel construction handles rigorous use and demanding conditions
• Durable steel doors include 3-point locking mechanism with separate key lock
• Add padlock for additional door security
• Optional security bracket kit locks cart to floor or wall

MORE CAPACITY
• Charges up to 40 tablet, Chromebook™, Ultrabook, MacBook® and laptop devices with a 15.6” (or smaller) screen size

MORE EFFICIENCY
• PowerShuttle technology efficiently charges up to 30% faster with a single power cord plugged into a standard wall outlet
• Safely prevents overloading of electrical circuits by automatically determining the maximum number of devices that can be charged at one time
• Includes a convenient ON/OFF power button
• Removeable, locking rear-access door to the adapter storage area allows for easy, one-time setup and clean cable management
• Well-designed ventilation and continuous operating fans keep devices cool
• Ships fully assembled

MORE AGILITY
• Zip40 dual-wheel, 5” casters create a super smooth ride over a variety of flooring surfaces
• Cube-like, compact shape makes it easy to zip through tight spaces

SUPER SAFE
• For user and equipment safety, the entire cart is tested and certified to UL 60950

The Zip40 Charging Cart uses dual-wheel, 5” casters that require 33% less push/pull force than carts with single-wheel casters.
Charging Carts with Ethernet Management Capability

- "Charge only" carts can easily be upgraded to management capability in the future as technology needs change
- Easy to update devices via Wake-On-LAN
- Pre-installed CAT6 Ethernet cables and mounting brackets for a customer-provided 1U standard rack mountable Ethernet switch (switch not included)
  - Maximum dimensions of switch: 17.5”W x 12.4”D x 1.8”H (44 x 26 x 4.4 cm)
  - Maximum weight of the switch: 12 lbs (5.4 kg)

Durable steel doors include a 3-point locking mechanism with separate key lock; padlock can be added for even more door security

Separate rear-access door to the adapter storage area is easily removed for one-time set-up and clean cable management

Custom country-specific outlet strips include plenty of space to fit oversized wall plug or brick-style AC adapters

External Auxiliary Outlet(s) give you an ‘always-on’ outlet to plug in extra peripherals, such as a printer or document camera. No need to choose between using the auxiliary outlet and charging devices – use both at the same time!

### Certification

UL 60950 Safety of Information Technology Equipment, CAN/CSA C22.2 No. 60950
UL 1678 Household, Commercial and Institutional-Use Carts, Stands, and Entertainment Centers for Use with Audio and/or Video Equipment
ICES-003 Issue 4, Class A
FCC Part 15 Class A
Country-specific certification as required
RoHS and Reach compliant material used

**Chromebooks • Tablets • Laptops**

---

**Zip40 Charging Cart**

- **Part Number** (Black & Silver)

- **Compatible Devices**
  - Tablets, Chromebook, Ultrabook, MacBook and laptop devices with ≤ 15.6” LCD size with dimensions up to maximum 17.1”W x 11.2”H (43,4 x 28,4 cm) including case and power cord plug

- **Part Includes**
  - 40 dividers, 9 small device divider stoppers, four 10-outlet power strips, two 20-unit brick storage trays, Ethernet cables and mounting brackets for an Ethernet switch (switch not included)

- **AC Charge**
  - Custom country-specific outlet strips include plenty of space to fit oversized wall plug or brick-style AC adapters; use adapters that come with devices

- **Auxiliary Outlet(s)**
  - 2 external receptacles – US/CA/MX, JP
  - 1 external receptacle – EU, UK/IE/SG/MY/HK, AU, CN

- **Screen Size** ≤ 15.6”

- **# of Devices**
  - Up to 40 with 1.1”-wide (28 mm) slots; up to 30 with 1.9”-wide (48 mm) slots

- **Slot Size** 17.1”W x 11.2”H (43,4 x 28,4 cm)

- **UL Certification**
  - Full UL 60950 and UL 1678 certification

- **Security**
  - 3-point locking steel doors with key lock

- **Power System**
  - US/CA/MX/JP: 100-120V~, 12-10A, 50/60 Hz
  - EU/UK/IE/CN/SG/MY/HK/AU/NZ: 220-240V~, 12-10A, 50/60 Hz

- **Maximum WAP Dimensions**
  - 10”W x 10”D x 2.2”H (25,4 x 25,4 x 5,6 cm)

- **Weight Capacity**
  - 76.5 lbs (34.7 kg) per shelf, 25 lbs (11.3 kg) top surface

- **Product Dimensions**
  - 30.3”W x 45.4”H x 26.1”D (77 x 115 x 66 cm)

- **Cart Weight**
  - Zip40 Charging Cart: 181 lb (82 kg)
  - Zip40 Charging Cart: 175 lb (79 kg)

- **Shipping Dimensions**
  - 37”W x 30”D x 52”H (94 x 76 x 132 cm)

- **Shipping Weight**
  - Zip40 Charging Cart: 227 lb (103 kg)
  - Zip40 Charging Cart: 221 lb (100 kg)

- **Warranty**
  - Lifetime mechanical, 3 years electrical, 1 year cables (power and Ethernet)
