Positioning your digital world

Affordable mounting & mobility for flat panel displays, laptops, tablets & computers

We are committed to making ergonomics affordable for computer users everywhere, helping to make lives healthier and more productive.

This commitment began back in 1982 when Ergotron was founded by Harry Sweere, pioneer and visionary author of the Video Electronics Standards Association (VESA) Flat Display Mounting Interface (FDMI) standard. Defining mounting compatibility for plasma and LCD monitors and TVs, these standards are used by the majority of manufacturers worldwide, establishing Ergotron’s long history of innovation and ergonomic mounting leadership.

This passion for human-centered designs led to the introduction of Constant Force (CF) lift-and-pivot motion technology, providing more motion with less effort, and a difference you can feel. Today Ergotron has 85 issued and pending patents, including those for the first LCD articulating arms.

Ergotron offers you true ergonomic designs based on scientific anthropometric studies, accommodating up to 95% of the population. Adapting to your physical needs, you’ll find Ergotron products bring ultimate adjustability while enhancing your overall health, comfort and productivity. This is a difference you can trust.

We’re still fulfilling the mission.

Get inspired! For those stuck long hours sitting at a computer, standing a little more each day burns extra calories, tones muscles, improves posture, increases blood flow and ramps up metabolism.

Watch Cinema Ergotron, a collection of movies from around the web. Hear what others are saying: movies.ergotron.com

Buying the right laptops is only one piece of the puzzle. Securely storing, deploying and managing those important assets while making it easy for staff is equally important. This cart’s universal interface charges and manages software on up to 20 devices (works with laptops, netbooks and tablets). Patent-pending PowerShuttle Load Sensing Technology optimizes total charge time while safely preventing electrical circuit overload by efficiently grouping the number of devices that are charged at one time. Works in any environment, including education, healthcare and enterprise applications.

Universal design
- Open-architecture design works with laptops, netbooks and tablets with displays up to 15.6”
- Country-specific power strip is provided to plug in 20 AC adapters. Unique, flexible design accommodates a variety of brick and plug styles for laptops, netbooks and tablets that won’t fit in standard outlet strips

PowerShuttle Technology
- Efficiently scans the system and distributes power to optimize total charge time for the laptops and prevent overloading electrical circuits at the same time

Durable, secure storage
- Robust key and lock assembly keeps devices secure. Double-hinged, locking steel front doors with recessed handle open 180° to reveal notebook storage shelves
- Rugged steel frame construction, steel front and rear doors, and molded fire-rated ABS exterior withstands heavy use of classroom settings
- For user and equipment safety, the entire cart is tested and certified to UL 60950 and 1667 standards

Easy to use
- Lightweight, up to 49% smaller than competitive product, this compact cart design makes it easy to safely move from room to room
- Ships fully assembled

PowerShuttle® (PS) Tablet Charging Cart, AC

This cart’s universal interface charges up to 30 tablets and Ultrabooks™ using the products’ AC adapters. Patent-pending PowerShuttle Technology optimizes total charge time while safely preventing electrical circuit overload by efficiently grouping the number of devices that are charged at one time. Works in any environment, including education, healthcare and enterprise applications.

Certification
- UL 60950 Safety of Information Technology Equipment, CAN/CSA C22.2 No. 60950
- UL 1667 Tall Institutional Carts for use with Audio, Video and Television Type Equipment
- IEC/EN 60065 Issue 4, Class A
- FCC Part 15 Class A
- RoHS and Reach compliant material used

Includes
- 20 device slots, 12.5” (3.8 m) power cable, country-specific power strip, cable management tray, four 4” (10 cm) medical-grade locking casters, 20 CAT 6 Ethernet cables, standard 1U Ethernet switch mounting brackets, auxiliary outlet (external), auxiliary outlet (internal for switch and Wi Fi), integrated handle
- 20 device slots, 12.5” (3.8 m) power cable, country-specific power strip, cable management tray, four 4” (10 cm) medical-grade locking casters, integrated handle

Typical LCD Size
- Maximum device size: 15.1” W x 11.0” D x 1.69” H (38.4 x 28 x 4.3 cm)
- Maximum device size: 12.8” W x 11.4” D x 1.0” H (32.5 x 29 x 2.5 cm)

Weight Capacity
- Maximum device weight: 6.5 lbs (2.9 kg)
- Maximum device weight: ≤ 3.3 lbs (1.5 kg)

Warranty
- Five (5) years; two (2) years for power module; one (1) year for other electrical components

For availability and more information about Ergotron products, visit www.ergotron.com
Sync and charge Apple® devices. Lightweight, compact, easy to maneuver, secure and cost-effective design.

Super Compact Design
- Up to 40% smaller and lighter (unloaded) than competitive product
- Charge and sync up to 48 Apple iPad®, iPod®, and iPhone® devices
- Compatible with both 30-pin and Lightning™ connector cables
- Optional LED Individual Status Indicators (ISI) monitor charging progress of each tablet

Secure Storage
- Steel tube and aluminum extrusion framework; steel access doors
- Durable steel doors with three-point lock and assembly provide strong theft deterrence
- Optional Security Bracket accessory kit (97-735) provides ability to lock cart to floor or wall bracket for extra security when needed

Certified for Safety
- Tested and certified to UL 60950-1 and UL 1667 standards, FCC requirements and all applicable country-specific regulations

*Made for iPod,” “Made for iPhone,” and “Made for iPad” mean that an electronic accessory has been designed to connect specifically to iPod, iPhone, or iPad, respectively, and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. Please note that the use of this accessory with iPod, iPhone, or iPad may affect wireless performance.

Safe & Secure
- Tested and certified to UL 60950-1 standards, FCC requirements and all applicable country-specific regulations
- Six-point lock assembly provides strong theft deterrence; includes security screws to attach product to the wall
- Fan and ventilation system maintains safe operating temperature
- Ergotron not only uses UL-certified components, but goes a step further to have UL certify the entire system to guarantee safe use within the classroom, healthcare, or enterprise setting

Top-rated Sync & Charge
- Built-in syncing capability; simultaneously sync up to 10 devices by connecting your laptop via the cabinet’s USB port
- Full 2.1A charge capability

Slim & Open Design
- Fits most anywhere: very low profile – only 4” (10 cm) deep, even with access doors
- Accommodates most iPad cases – including the popular Otterbox Defender™ and Griffin Survivor™

Easy Set-up & Operation
- Choose pre-installed 30-pin or pre-installed Lightning™ cable option
- Quick, simple installation includes mounting template
- Patent-pending Show & Stow™ technology extends iPad devices to the user when the door is opened for easy storage and removal
- Easy to clean, sleek and smart design hides device and cord clutter
- Clear ISI (Individual Status Indicator) LEDs provide power and charging status of each individual device at a glance

Ready. Set. Charge.

Join the Uprising! Just Stand.

For those stuck long hours sitting at a computer, standing a little more each day burns extra calories, tones muscles, improves posture, increases blood flow and ramps up metabolism. Find the calculator online at burncalories.juststand.org

“My calories burned per day went up by about 400 ... Who would have thought such a simple thing would make such a huge difference?”

~ Clare H., major PC company
**WorkFit: sit-stand for wellness and productivity**

### For Computer Users
- Promotes healthy movement throughout your day
- Instantaneous, tool-free positioning
- Personalized computing: unsurpassed ergonomic comfort

### For HR/Risk Management and Company Cost Savings
- Reallocation of wellness dollars—take control
- Keep employees happy and healthy
- Influence productivity increases
- Decrease sedentary behavior

Ergotron’s WorkFit desks enable an effortless sit-and-stand work style, creating a truly ergonomic platform for prolonged computing. Research shows sitting too much isn’t healthy, and standing all day is challenging, but freely moving between these positions throughout the day is best. Choose WorkFit and sit and stand throughout your day!

Ergotron has over 15 years experience in making sit-stand height adjustable computer systems, and our effortless, tool-free and non-motorized, patented CF height adjustment technology leads the industry.

1. Patented Constant Force (CF) technology provides easy lift
2. WorkFit-D accepts optional accessory Underdesk Keyboard Arm (97-582-009)
3. Features a spacious worksurface. Add Ergotron LCD and laptop display mounts as needed to accommodate individual workflows
4. Listed weight capacity represents total load applied to worksurface. When calculating load, include weights of accessory mounts for keyboard, display(s).
5. Four leveling glides establish a firm footing and adjust to uneven floors

**Worksurface Dimensions**

A new concept in office ergonomics is the value of standing periodically. Some reasons for standing:

- Increase overall energy for better mental focus
- Relieve body stress caused by sitting
- Expend more calories

Explore TeachWell at teachwell.ergotron.com
Create smart learning environments

The integration of a 21st-century “smart” campus relies on the infusion of useful, relevant technologies to meet the demands of the instructor and their multimedia, multi-linked mobile students. Ergotron’s broad portfolio of display mount and mobility products can be an essential part of the technology platform supporting dynamic learning environments.

Create engaging spaces throughout your facility or campus:

| Classrooms | Registration | Creative Studios/Labs |
| Labs | Administration | Data Centers |
| Media Centers | Campus Bookstores | Cafeterias |
| Commons Areas | Lecture Halls | Exhibits and Kiosks |
| Theaters/Auditoriums | Libraries | University Medical Centers |
| Art Centers | Campus Security | Conference Rooms |

See how Ergotron products are used every day.

The adjustable office

It’s time to redefine the 21st-century workspace with an emphasis on health, productivity and affordability. Well-designed workspaces minimize absenteeism and promote job satisfaction, offering employees new alternatives to stay energized and fit while they work. Explore which desk, wall or mobile solution will adapt to your company’s physical and workflow demands.

Comfortable computing is a good economic investment. Not only are costs reduced associated with healthcare and missed time, but productivity increases too. Find the calculator online at payback.ergotron.com
Real-time productivity with multi-monitors

Spending a lot of time comparing data and toggling between applications? Minimizing, maximizing, resizing and moving between windows? Increasing your screen “real estate” allows you to complete tasks faster, and more efficiently, with average productivity increases of 20% or more. To maximize productivity, ergonomics and multi-monitors should be part of the equation.

LCD SIZE IS APPROXIMATION. DIMENSION IS DIAGONAL MEASUREMENT OF SCREEN. LCD SIZE MAY BE EXCEEDED AS LONG AS SCREEN WEIGHT DOES NOT EXCEED MAXIMUM WEIGHT CAPACITY OF THE MOUNT.
### Neo-Flex Extend LCD Arm
- Part #: 45-235-194 (silver)
- Includes: Clamp and grommet bases, clamp to surfaces 5.1–13.9" (130–350 mm) thick, or grommet mount through holes 31.1–63.5 mm wide and up to 2.5" (64 mm) thick.
- LCD Size: ≤ 24" (61 cm)
- Weight Capacity: 7–20 lbs (3.1–9.1 kg)
- Lift: 0–8" (0–20 cm)
- Tilt: 0–80°, 75° up, 5° down
- Rotation: 360°
- VESA: MIS-D
- Extension: ≤ 22" (56 cm)
- Warranty: 3 years

### Neo-Flex Desk Mount Tablet Arm
- Part #: 45-306-101 (black)
- Includes: Arm, extension, desk clamp, grommet mount, tablet cradle. Desk clamp attaches to surface edge up to 1.8" (46 mm) thick, or grommet mount through hole up to 2" (51 mm) wide and up to 1.5" (38 mm) deep.
- LCD Size: ≤ 10" (25 cm)
- Weight Capacity: ≤ 18 lbs (8.2 kg)
- Lift: 8" (20 cm)
- Tilt: 0–180°, 75° up, 5° down
- Rotation: 360°
- VESA: MIS-D
- Extension: ≤ 19.3" (49 cm)
- Warranty: 3 years

### Neo-Flex LCD Arm
- Part #: 45-174-300 (silver)
- Includes: Arm, extension, desk clamp, grommet mount, tablet cradle. Desk clamp attaches to surface edge up to 1.8" (46 mm) thick, or grommet mount through hole up to 2" (51 mm) wide and up to 1.5" (38 mm) deep.
- LCD Size: ≤ 22" (56 cm)
- Weight Capacity: ≤ 3 lbs (1.7 kg)
- Lift: 8" (20.3 cm)
- Tilt: 0–80°, 75° up, 5° down
- Rotation: 360°
- VESA: MIS-D
- Extension: ≤ 19.3" (49 cm)
- Warranty: 3 years

### Neo-Flex Underdesk Keyboard Arm
- Part #: 97-582-009 (black)
- Includes: Keyboard arm, tray, desk clamp, screws for mounting to the desk surface.
- LCD Size: ≤ 22" (56 cm)
- Weight Capacity: ≤ 2.5 lbs (1.1 kg)
- Lift: 0–8" (0–20 cm)
- Tilt: 0–80°, 75° up, 5° down
- Rotation: 360°
- VESA: MIS-D
- Extension: ≤ 10.7" (27.3 cm)
- Warranty: 3 years

Bring the message to your audience

Whether communicating powerful, attention-grabbing graphics or streaming video, the appeal of digital signage is in its quick and effortless ability to manipulate content in real-time to influence audience behavior. However, one of the keys to implementing a powerful message is effective positioning. This is where Ergotron can help. Our innovative line of display mounts and mobile workstations move content to the audience, creating a powerful impact.

Wall Mounts

**Glide Wall Mount HD**

- Part # (color): 61-061-085 (black)
- Weight Capacity: 20–40 lbs (9–18 kg)
- Lift: 18" (46 cm)
- Tilt: 180°
- VESA: 200 x 100 – 400 x 400 mm
- Depth: 2" (5 cm)
- Warranty: 5 years

**TM Tilting Wall Mount**

- Part # (color): 60-603-003 (silver)
- Weight Capacity: 60–175 lbs (27.2–79 kg)
- Lift: 20" (51 cm)
- Tilt: 75°
- Pan: 180°
- Rotation: 360°
- VESA: 75 x 75, 100 x 100, 200 x 100, 200 x 200 mm
- Depth: 4.5" (11 cm)
- Warranty: 5 years

**WM Low Profile Wall Mount**

- Part # (color): 60-604-003 (silver)
- Weight Capacity: 60–175 lbs (27.2–79 kg)
- Lift: 20" (51 cm)
- Tilt: 32–65°
- Pan: 180°
- Rotation: 10°
- VESA: 200 x 100 – 600 x 400 mm
- Depth: 6.5" (16.5 cm)
- Warranty: 5 years

**SIM90 Signage Integration Mount**

- Part # (color): 60-600-009 (black)
- Weight Capacity: 80–125 lbs (36.3–56.7 kg)
- Lift: 30°
- Tilt: 5° / 10° / 15° / 20°
- Pan: 180°
- Rotation: 90°
- VESA: MIS-D/E/F
- Depth: 5.5" (14 cm)
- Warranty: 3 years

Simple TM and WM installation

1. Attach wall plate to chosen location on wall
2. Attach mounting brackets to display
3. Hang display on wall plate

Most Ergotron wall mounts are earthquake zone approved, meeting OSHPD pre-approval requirements for California hospitals. Before purchasing wall mounted products for installation in California hospitals contact your Ergotron representative.
Attach your valuable flat panel investments to just about any wall with ease. Ergotron’s engineering know-how has created a broad offering of fixed and adjustable solutions to fit the spectrum of display sizes.

The LX Wall Mount LCD Arm extends up to 25” (64 cm) and retracts easily to free up valuable space when not in use.

Care for the caregiver and back-office staff
See the payback when you stand up for your staff

For those stuck long hours sitting at a computer, standing a little more each day burns extra calories, tones muscles, improves posture, increases blood flow and ramps up metabolism.
Point-of-care and everywhere

Healthy computing starts with understanding the diverse needs required to bring EMR, eMAR, PACS and CPOE to the point of care. With over 30 years experience in creating ergonomic solutions for computer users worldwide, and 20 years in healthcare alone, Ergotron is uniquely qualified to help you configure options and design workstations that fit workflow throughout the entire facility.

**LX Sit-Stand Arm highlights**
- **20” (51 cm) height range** allows users to move between sitting and standing positions while they interact with the display
- **Holds a large display, up to 25 lbs (11.3 kg)**
- **Secure installation** – locking connections between arm, extension and base
- **Rotation Stop** on wall mount base limits turn of extension base connection to 180°, preventing extension from contacting wall
- **Ergonomic Keyboard Arm** is very stable for extensive data entry

**See how Ergotron products are used every day.**

**200 Series Combo Arm**

- Part # (color): 45-230-216 (white), 45-230-200 (black), 60-577-195 (black)
- Includes: 200 Combo Arm, wall mount bracket, height-adjustable LCD mount, wrist rest, scanner and mouse holder, integrated keyboard tray with left/right mouse tray, handle, manual, VESA mounting kit, cable ties
- Typical LCD Size ≤ 24”
- Weight Capacity:
  - LCD: 6–18 lbs (2.7–8.2 kg); keyboard, mouse and barcode scanner 5 lbs (2.3 kg)
  - 6–16 lbs (2.7–7.2 kg)
- Lift: 5” (13 cm)
- Tilt:
  - LCD 30° ± 25° / ± 5°
  - Negative-tilt keyboard tray adjustable 10°
- Pan: 360°
- Rotation:
  - Portrait to landscape screen rotation
  - 90°
- VESA: MIS-D
- Depth: Folds to 12.1” (31 cm)
- Extension: ≤ 38” (99 cm)
- Warranty: 5 years

---

**Neo-Flex Wall Mount Lift**

- Part # (color): 60-577-195 (black)
- Includes:
- Typical LCD Size ≤ 24”
- Weight Capacity:
  - LCD 6–18 lbs (2.7–8.2 kg); keyboard, mouse and barcode scanner 5 lbs (2.3 kg)
  - 6–16 lbs (2.7–7.2 kg)
- Lift: 5” (13 cm)
- Tilt:
  - LCD 30° ± 25° / ± 5°
  - Negative-tilt keyboard tray adjustable 10°
- Pan: 360°
- Rotation:
  - Portrait to landscape screen rotation
  - 90°
- VESA: MIS-D
- Depth: Folds to 12.1” (31 cm)
- Extension: ≤ 38” (99 cm)
- Warranty: 3 years

Ergotron products allow computer systems to be easily and ergonomically positioned for any user. The effect? Minimizing space requirements and maximizing efficiency.

- **Ease of motion** – quick adjustment; easily maneuver to the point-of-care
- **True ergonomic designs** – create a comfortable work environment for you
- **Space-saving technologies** – place equipment where needed

### OSHPD
**Office of Statewide Health Planning and Development**

Ergotron’s wall mount products received OSHPD OPA Pre-approval numbers for mounting in hospitals and healthcare facilities throughout California on October 13, 2009. These standards help ensure patient safety during an earthquake and help make it possible for facilities to continue to function and care for the injured after an earthquake.

<table>
<thead>

<td>StyleView Vertical Lift – internal mount</td>
</tr>
</tbody>
</table>

### Typical LCD Size

- **≤ 22”** Maximum monitor physical dimensions 20.5”W x 13.5”H x 2.5”D (52.1 x 34.3 x 6.4 cm). Monitor depth greater than 2.5” (6.4 cm) is allowable, however screen will protrude beyond profile of unit in such cases
- **≤ 22”** Maximum monitor physical dimensions 20.7”W x 14.7”H x 2.8”D (52.6 x 37.3 x 7 cm). Assumes VESA hole pattern is centered on the back of the display

**LCD SIZE** IS APPROXIMATION. DIMENSION IS ORIGINAL MEASUREMENT OF SCREEN. LCD SIZE MAY BE EXCEEDED AS LONG AS SCREEN WEIGHT DOES NOT EXCEED MAXIMUM WEIGHT CAPACITY OF THE MOUNT.

Worksurface with pull-out keyboard tray facilitates caregiver workflow

1. Patented CF lift-and-pivot motion technology provides premium 25° (63,5 cm) LCD height adjustment, portrait-to-landscape rotation and 30° tilt
2. Durable, easy-to-clean exterior composed of aluminum, high-grade plastic
3. Integrated mouse and barcode scanner holder provide easy access
4. Fold-down worksurface/keyboard tray to support workflow needs. Worksurface is 22.75"W x 10.6”D (57.8 x 26.9 cm). Keyboard tray is 18.6”W x 9”D (47.2 x 22.8 cm)
5. Ergonomic back-tilt keyboard tray ensures wrists remain in a neutral position during data entry
6. Clean, concealed and neat routing of cables through the expansive cable management system
7. Extend LCD and keyboard up to 43” (109 cm) from wall; fold equipment back out of the way when not in use. With worksurface in storage position, system depth is as little as 8” (20,3 cm). With keyboard in storage position, system depth is as little as 12” (30,5 cm)
8. Optional Extender Arm (45-261-026) increases range of motion for even greater reach. Includes an optional 180° rotation stop for controlling the range of motion in space constrained areas

The leader in point-of-care digital mounting and mobility

Nurses, meet your new StyleView®

Personalize your cart to suit your team’s workstyle and flow. That’s the genius behind our 5th generation StyleView medical carts.

We’ve been listening. You’ll find all the great features that have made StyleView a market leader, plus new design advancements. Now you have the broadest options to create a comfortable, fully adjustable med cart – one that supports you and the care you give.

Your cart. Your way.

For availability and more information about Ergotron products, visit www.ergotron.com
Use the Cart Finder tool on ergotron.com to find your perfect cart.

Ergotron’s Platinum Annual Service Contract ensures timely and safe service delivery across all Ergotron product lines.

For availability and more information about Ergotron products, visit [www.ergotron.com](http://www.ergotron.com)
Certified. Lightweight. Ultrafast recharge. Long battery LiFe.

Why choose a StyleView Cart powered with Lithium Iron Phosphate (LiFe)?

- Extremely lightweight and adjustable
- The LiFe power system and compact, lightweight base combine with StyleView’s ergonomic adjustability to decrease caregiver fatigue and enhance overall wellness and productivity

Ultrafast recharge ensures caregiver and cart uptime

- A full recharge from full discharge can be completed in around two hours for typical loads. Less charging = more caregiving!

- Long battery ‘LiFe’ minimizes time and cost for maintenance and replacement
- Proven to achieve thousands of cycles per lifetime and to last several years in a typical healthcare setting

Safe and certified
- For patient and caregiver safety, the FULL cart and power system are certified to UL 60601-1
- Includes FREE StyleLink with enterprise capabilities
- Install, access and manage your StyleView power systems from a remote location across WAN, LAN, or VPN

Proven safe battery chemistry
- Through extensive testing, Lithium Iron Phosphate is proven to be a very safe battery chemistry

Always responding to fit your ever-changing workflows

FREE, industry-leading StyleLink Software with enterprise capabilities

StyleLink’s three-part software package (Enterprise, Client, Graphing Tool) offers broad system and platform compatibility for global healthcare customers deploying Ergotron StyleView Carts with power.

Extend Asset Life Cycle
Optimizes balance between runtime and cycle life
Helps prevent deep discharging, which maximizes battery cycle life and minimizes battery replacement cost

Proactive Power System Management
Eliminate surprises through use of diagnostic tools, simplifying power system management and reducing time required to fix problems
Email alerts sent by each cart at different stages of battery life facilitate proactive power system management
Remote configuration: remotely configure or change email alerts, names, passwords and communication thresholds on each cart, or a group of carts, using your MS Network

Reduce Total Cost of Ownership
Reduce costs for maintenance; eliminate need for expensive onsite technical support by leveraging diagnostic capabilities. Simply email StyleLink’s history data file to Ergotron Tech Support and they will help troubleshoot power system performance issues
Plan battery replacement based on custom views or email alerts, rather than being surprised by a higher cost replacement situation during caregivers’ active work hours

Enterprise Capabilities
Remote enterprise monitor: access your carts across WAN, LAN, or VPN to get real-time information
Custom views: view those carts that meet your specific rules, e.g., carts unplugged, carts not connected, carts not reporting in the last 7 days, etc.
Group view: organize your carts into groups and subgroups. Set views for specific areas of your facilities; troubleshoot power system performance issues

Advanced Drawer Management
Each drawer individually controlled with PIN; program locally or remotely via enterprise
Drawer event log and report capability
Two points of console access for PIN updates: Unit Clerk or IT

For availability and more information about Ergotron products, visit www.ergotron.com
Improve efficiency, increase production

Outfit an entire facility to support your lean manufacturing initiatives. Ergotron manufactures computing mounts that are secure and rugged to help protect your hardware investment while ergonomic designs help ensure employees’ health. That’s real-time adjustability and mobility to help extend staff and capital resources.

**Differentiation**

Instant adjustability facilitates better Electronic Work Instruction (EWI) by bringing data to where individual operators need it most.

**Efficiency**

Studies show significant productivity increases where employees are provided with well-designed ergonomic workstations.

**Return**

Modular and mobile products occupy little or no floor space; easily configure or reconfigure to meet a wide range of worker or application needs.

---

**OEM opportunities**

Using our proprietary technology, Ergotron serves OEM customers that are among the world’s largest selling brands. Our China facility performs 100% end-of-line testing, life-cycle testing on each lot, and other in-process tests that ensure the highest quality products.

**Environmentally responsible**

Your Ergotron mounting solution complies with all international environmental regulations related to its design, manufacture and packaging.

**Manufacturing excellence**

Certified to ISO 9001:2008. This certification demonstrates Ergotron’s commitment to employing best practice procedures in our facilities.

**Quality tested**

Our products undergo a testing regimen that is unmatched in the industry. Ergotron strives to provide the highest levels of trouble-free field performance and unsurpassed product longevity, delivering peace of mind to both resellers and customers.

**Notebook ergonomics**

If computing for longer than an hour or two, take the following steps for ergonomic wellness: elevate your laptop so you can see the screen without bending your neck; connect a separate keyboard and place it where wrists are flat while shoulders and elbows are relaxed; pay attention to your posture. For a quick solution, check out our Neo-Flex Notebook Lift Stand.

Stand more.
Sit less.
Start now!

Research shows sitting too much is unhealthy; unfortunately, standing all day isn’t practical.

**ANSWER:** Get an affordable Sit-Stand workstation and move freely between sitting and standing throughout the day. You’ll burn extra calories, tone muscles, improve posture, ramp up your metabolism and be more productive!

“Epidemiologic evidence suggests that the reductions in sitting at the workplace could potentially have considerable impact on cardiovascular disease and type 2 diabetes prevention.”

Genevieve Healy, PhD, The University of Queensland, Australia
