

MicroLite Food Safety Validation Certificate

This document certifies that the MicroLite USB data logger product family, developed and manufactured by Fourtec - Fourier Technologies, do not pose any human health risks during storage or operational use, if in contact with food items.

The MicroLite devices, specifically the PC-ABS plastic enclosure, PCB components, external probes, and accessories, fully comply with international standards such as RoHS and REACH regulations, regarding inclusion of excessive levels of harmful materials.

The MicroLite product line includes the following data logger models, as listed by part number:

LITE5008P, LITE5032P, LITE5032P-RH, LITE5032P-V, LITE5032P-4/20,
LITE5032P-EXT

And supporting DataSuite software.
